

Victoria Ship Firms Tender Bids May Build 350-Foot C.N.R. Vessel

Tenders for construction of a 350-foot passenger vessel to be operated on this coast by Canadian National Steamships were submitted by both Victoria steel shipbuilding firms. Bids were opened in Montreal yesterday but no word as to placement of the order has yet been received here, it was learned last night.

It is possible the 3,700-ton streamlined ship will be placed on the Vancouver-Prince Rupert run to replace the Ss. Prince George, destroyed by fire at Ketchikan, Alaska, last year.

Details of construction of the new vessel have not been released but it is understood it will contain completely modern passenger accommodation and adequate freight carrying space for the coastal trade. Slightly smaller than the Prince Robert, formerly on the northern

run, the new steamer will be more easily manoeuvrable in the restricted waters of the British Columbia's rugged coast.

Discussing the contract last night, an official of Yarrow's, Ltd., here, said his firm is not hoping to make money on shipbuilding contracts at present but is concerned only in keeping the industry alive on this coast.

"An adequate shipbuilding industry on both coasts of Canada is equally as important as maintaining the armed forces," he declared.

He reported tenders submitted by the firm are the lowest possible and make no provision for profit.

To ensure that no loss would result if wages were further increased or working hours reduced, he said a clause is inserted in all tenders whereby the firm can increase the overall price by the actual cost of such added expenditure.

However, he said, to date no shipowner has accepted a contract including this clause.

Gaining of the C.N.R. contract by a shipbuilding firm on this coast would provide work for at least two years, he stated.

Spring Wheat Picture Good

OTTAWA, July 10 (C.P.)—The numerical condition of spring wheat in the Prairie Provinces, expressed as a percentage of long-time average yield per acre and based on an analysis of weather factors, shows a "fairly bright picture" this year, the Dominion Bureau of Statistics reported today.

Reporting on the conditions of field crops at June 30, the bureau said Alberta, in many contrast with last year, leads the three Western Provinces with a condition figure of 127, while Manitoba is lowest with a figure of 103. Saskatchewan's condition figure at 123 is up 14 points from last year's level and is one point above the 1944 figure.

Manitoba's relatively low position is largely attributable to inadequate rainfall between April 1 and June 30.

Russian Veto Overruled

NEW YORK, July 10 (C.P.)—Russia today sought unsuccessfully, by invoking her veto, to bar Canada from taking part in atomic energy discussions in the United Nations Security Council. Australia, simultaneously, demanded that the whole veto question be aired at the coming general assembly meeting in September.

Over the objections of Soviet Delegate A. Gromyko, the Security Council invited Canada to the council table today at a session billed to consider rules adopted by the atomic Energy Commission. Canada is one of three countries which helped build the atomic bomb.

Canada Will Test Aluminum House

MONTREAL, July 10.—The first all-aluminum prefabricated house in the Dominion will be assembled and ready for occupancy three hours after its arrival at a site on the property of the Aluminum Co. of Canada at Kingston, Ont., Thursday.

Built in England, the "Alroth" house, as it is called in England, has been brought to Canada for experiment. The structure will be tested under Canadian climate, particularly to see how it will stand up under the rigors of winter weather in the Dominion.

If the experiment is successful and shows that these houses are suitable to Canadian needs, these dwellings may be mass-produced to ease the Dominion's housing shortage.

Built in four sections, the "Alroth" house has two bedrooms, a living room, kitchen, bathroom and hall.

Express Regrets Over Honor List

QUEBEC, July 10 (C.P.)—G. Racine, president of the Quebec Arsenal Employees' Association, in a letter to Prime Minister Mackenzie King made public today voiced the "disappointment" of the 14,000 arsenal employees that none of them was included in the King's birthday honors list.

"We regret," said the letter, "... that out of 14,000 arsenal employees... the Government could not find one whose war effort could be compared favorably to that of an orchestra leader, a deputy-minister of public works or a union leader who fomented strikes across Canada during the war."

"British Columbia" Song Sent to U.S.

John Rowland, Victoria composer, has been informed by Willard Ireland, provincial archivist, that autographed copies of his marching song, "British Columbia," have been sent to Washington State Historical Society, Tacoma; Oregon Historical Society, Portland; University of British Columbia Library; University of Washington Library; and Dr. W. N. Sage, Vancouver.

Gifts were made in connection with the centenary of the signing of the Oregon Boundary Treaty.

IVERPOOL, England (C.P.)—A fare-paying passenger aboard the Cunard White Star liner Samaria, which left here recently, was a black and white cat. He is taking up a job in Durban as a rat catcher. His name?—Whiskers.

Cowichan Indians Request New Deal From Government

DUNCAN, July 10.—A meeting unique in the history of this district was held here when the chiefs and leading tribesmen of the Cowichan Indians assembled to consider an eight-point questionnaire submitted to them for consideration by the Department of Indian Affairs, Ottawa.

After discussing the documents, the chiefs decided to send the following reply to Ottawa:

It is requested that treaty rights entered into between certain Vancouver Island tribes and the Hudson's Bay Company in 1850, be extended to all British Columbia Indians and that treaty rights of Prairie Indians be extended to British Columbia Indians.

Indians in Cowichan should be treated as one band.

No tax should be put on Indian lands or on income earned on the reserve. No objection will be taken to tax on money earned off the reserve.

If Indians are accorded same rights as white men.

Indians should have full franchise, in such a way as to insure direct Indian representation.

No reserve land should be sold or leased except after a favorable vote by the Indians concerned. No lease should be for more than 25 years.

All Indian children should be educated under the public school system. If in some cases residential schools are necessary, these should be non-sectarian.

Other requests were for a better old-age pension for Indians, good public health service, social security equal to that of other Canadians, money to be advanced to Indians in approved cases for agriculture, fishing or other activities in order that Indians may become self-supporting, and restoration of fishing stations on Cowichan River granted by a Royal Commission years ago.

One of the chiefs produced an ancient map printed on linen cloth and enclosed in the original waterproof iron tube, presented to an earlier chief named in the 60's by a surveyor named Pearce. This treasure and interesting document is now somewhat stained, but is still quite legible.

Records of the meeting were taken down by Pte. Elliott, of the Canadian Army, a member of the Somers band who served with distinction overseas and fought through-out the entire Italian campaign.

Nineteen Join Duncan Legion

DUNCAN, July 10.—Nineteen new members were admitted to membership at the regular meeting of Cowichan Branch, Canadian Legion. The membership is now approximately 800.

The Provincial Command submitted a proposal that the Legion form an auxiliary company under direction and control of the provincial office for the production and merchandising of Christmas cards, the entire profits to be used for the benefit of British Columbia war veterans' children. The commercializing of such days as Christmas, Easter, Mother's and Father's Days was deplored.

If the scheme were developed, scenes depicted would be provincial, and the artists British Columbians. The cards would be produced by union labor, and be of the highest quality. A. V. Bentum and Hubert Brown were appointed to consider the proposal.

Duncan Citizens Ask Golf Course

DUNCAN, July 10.—A petition presented by C. W. O'Neill, acting on behalf of citizens, was laid before the City Council, asking that in the event of the city obtaining a portion of Indian Reserve for park purposes, it should be laid out as a public golf course, to be maintained and operated by the city. The matter will be considered if and when the land is obtained.

A delegation from the council will meet the commissioner of the Provincial Police to discuss policing of the city and the enforcement of traffic regulations.

On recommendation of the health committee, the council will accept the services of a Provincial Health Unit in Duncan as from September 1.

PORT ALBERNI, July 10.—Alberni Shipyards will build a 40-foot fishing vessel for Allan Robertson, and a 42-foot craft for Jeffrey Phillips. The yard recently launched a 40-foot troller and tuna craft for J. Zallo at a cost of \$10,000.

Teachers Require Rooms Next Term

PORT ALBERNI, July 10.—Alberni School District No. 70, is anxious to get in touch with persons at Beaver Creek, Cherry Creek, Gill, Franklin River, Great Central Lake, Port Alberni and Alberni who are willing to provide room and board for teachers' next school term.

Nanaimo Pioneer Dies

NANAIMO, July 10.—A native daughter of Nanaimo, Mrs. Ann Jane Lewis, 76, died at her home, 90 Winfield Crescent, at noon today. She had lived in Nanaimo all her life. She is survived by two sons, David, Victoria, and Thomas, at home. Pending completion of funeral arrangements, remains were removed to Westwood First Funeral Home.

WIN GAME AT QUALICUM: QUALICUM BEACH, July 10.—Members of Alberni Young People's Club were guests of Qualicum Young People's Club here. A football game was won by the visitors. The day ended with community singing around a beach fire.

Four Local Men To Be Invested

LT.-COL. R. D. Travis, M.B.E., R.D., of the Canadian Scottish Regiment, Victoria, is among officers of Canada's army and air force who will receive awards from Governor-General Viscount Alexander at an investiture at Jericho Air Station, Vancouver, on Saturday.

Other local men who will be honored at the ceremony are Sqdn. Ldr. N. G. Loudon, D.F.C., 2546 Dalhousie Street; Flt. Lt. R. T. Ober, D.F.C., 2129 Lorne Terrace; and Flt. Lt. H. R. Whitall, D.F.C. and Bar, 906 Cook Street.

At a ceremony at the R.C.A.P. will receive citations and 18 army officers will be decorated.

Awards will also be presented to Sgt. W. F. Fleck, D.C.M., Kelowna; Sgt. A. G. P. C.M., M.M., Kelowna; C.M.M. J. Kemp, D.C.M., Nanaimo; Flt. E. M. Dale, M.M., Cranbrook; Flt. M. H. B. Harding, D.F.C., Port Alberni; and P.O. T. H. Peterson, D.F.C., Duncan.

Seven Admitted To Bar of B.C.

Reminding them they were not entering a "commercial" occupation, Chief Justice Wendell B. Harris, of the British Columbia Supreme Court, on Saturday urged seven newly admitted barristers to take the lead in maintaining the great traditions of liberty and freedom.

If freedom of the courts had been maintained, the war would never have occurred, he said. The program of Nazism could be carried out only after Hitler declared himself supreme judge, the Chief Justice stated.

Among those admitted were David Gordon Sloan, son of Chief Justice and Mrs. Gordon McG. Sloan, 1588 York Place, and John Irvine Bird, son of Mr. Justice and Mrs. H. I. Bird, of Vancouver.

Both fathers were guests during the ceremony, which took place in Vancouver. Other new barristers who took oath of office were Frederick O. W. Barry, Leigh M. McBride, David L. Silver, John R. Taylor and Norman C. Kilman.

Scouts Find Body Of Vancouver Man

TRAIL, B.C., July 10 (C.P.)—Search for A. V. Rittinger, 47-year-old auditor in the Vancouver office of the Dominion Government, who had been missing since July 3, ended today with the discovery of his body in little Sheep Creek near the Sillicia Ranch on the Roseland-Patterson highway.

The body was found by a group of Boy Scouts camping at Christina Lake, some 40 miles from Roseland. The searchers combed through desolate mountain country thick with underbrush in many places before coming across the body which was later identified by his son, Alan.

Mr. Rittinger left Vancouver four weeks ago on a business trip through the Kootenays and was last seen by acquaintances a week ago today when he checked out of his hotel here.

United States Renounces Claim Doesn't Want Austrian Property

VIENNA, July 10 (AP).—The United States today renounced its claim to German assets in Austria, and declared it would not recognize Russian seizure of German properties in that country classified by the Allies as "forced transfers" to the Germans.

The United States stepped into the Austrian-Russian controversy over reparations even as Chancellor Leopold Figl protested the Soviet plan to seize a large share of Austrian industry in the Soviet zone as "German" reparations.

The Austrian Parliament voted 181-4 in support of the government's protest against Russian acquisition of German property in the Russian zone.

"It is necessary that no one should take away or hamper the production of goods and the employment of workers," Figl told the Parliament at a special meeting. "That is all we ask—let us work."

General Mark W. Clark, in a note to Dr. Figl, declared the United States would not recognize the transfer to Russia of properties falling into the category of forced transfers, as enunciated at the London Conference in January, 1943. At that

Uganda Not Due For Some Time

NAVAL Information today reported that the 3,200-ton cruiser H.M.C.S. Uganda will not be due back in Esquimaux Harbor for some time. At present, the Canadian warship is on a training cruise in British Columbia waters.

It was erroneously reported that Uganda would be back in port within the next few days.

New High Set In Births And Divorces

British Columbia chalked up two more all-time records in May, one in births and the other in divorces.

A total of 1,869 birth registrations topped by exactly 100 the previous monthly peak reached in May, 1945, and raised the rate to 23.77 per 1,000 population.

Divorces, continuing to increase each month, ran to an all-time high of 290 in May, compared with 129 decrees granted in the corresponding month last year.

May's figures brought the five-month divorce total up to 839 as against 566 in the first five months of 1945.

Monthly bulletin of the Provincial Board of Health has this comment to make on the divorce rate: "The number of divorces has tended to decrease markedly during the summer months in past years, and it will be interesting to note whether this situation will occur this year or whether the upward trend will continue throughout the year."

Marriages continue to increase by 200 or more a month over figures for corresponding months last year. May total was 838 compared with 657 in May, 1945, and total for the five months was 3,916, as against 2,950.

Deaths, although showing a slight numerical increase from 823 to 836, actually represented a small, proportional decrease after allowing for gain in population.

Illegitimate births also continue on the upward trend, with 94 registrations for the month, against 62 in May of last year.

Plenty Scotch In Big Cargo

MONTREAL, July 10 (CP).—A prize packet of 30,000 cases of Scotch whisky arrived from Glasgow today on the 88. Norwegian, which slipped into her wharf here today with her No. 1 and 2 holds crammed with whisky, gin, rum and 154 casks of aged Scotch.

Some 22,000 cases of liquor are destined for Canadian consumption, with 300 cases marked off for Quebec Liquor Commission stores in Montreal, and the others for liquor boards in Vancouver, Fredericton, Regina, Toronto and Winnipeg.

Locomotives Crash

WALLACEBURG, Ont., July 10 (CP).—Two heavy locomotives, one hauling a fully-loaded train of freight cars, the other engaged in shunting operations, crashed head-on in the siding of the Greenbelt Company, about 20 miles northwest of Chatham, today. While the force of the collision derailed both locomotives, the train crews were reported uninjured.

Hitler Called Poor Corporal

NUERNBERG, Germany, July 10 (CP).—Hitler's superstitious about names was one thing that beat him in Russia, in the opinion of Col. Gen. Franz Halder, chief of the Wehrmacht general staff from 1938 to 1942 and a constant critic of the Führer, whose military judgment he likened to that of a "mediocre corporal."

Halder's version of the Russian campaign is contained in a confidential interrogation obtained by intelligence officers after the fall of Germany.

Here was the situation in 1941 as Halder reports it:

The German armies struck successfully and in three months smashed Budyenny's southern

armies, took Smolensk and reached Leningrad. Only Timoshenko had first-class troops left in the field and these stood between Smolensk and Moscow.

Halder and Von Brauchitsch wanted to attack and destroy these troops. Moscow would have fallen and the Russian rail system, hinging on the capital, would have been in chaotic condition, the generals believed.

Hitler scoffed that his "fine generals" didn't know what they were talking about. He insisted on taking Leningrad and driving on to Stalingrad despite the approach of Winter. Why? Because, Halder says, the names of the cities symbolized Red Russia to Hitler and he would not be satisfied until his armies had taken them and given him the psychopathic delight of deleting "Lenin" and "Stalin."

Halder, 1934 his questioners that Hitler was a thorough liar, absolutely untrustworthy, and completely allergic to reasoning when it was a question of criticizing his pet ideas.

BRIGHTON, England (CP).—Major Gen. E. C. Miles, commanding the South-Eastern district, said recently that only 200 men were available to clear mines from 30,000 acres of the South Downs. And half the job was done.

OTTAWA, July 10 (CP).—A flurry of Opposition charges that the Government's budget policies would discourage farm output, handicraft business and hampering the possibilities of employment today headlined an otherwise colorless Commons budget debate.

A quartet of Opposition speakers—two Progressive Conservative, one C.C.F. and one Social Credit—held the floor in the abbreviated Wednesday sitting and bespoke criticism for the decision to tax co-operatives and the failure to do away with excess profits taxes and provide higher taxation exemptions for low salary earners.

The speakers were John Diefenbaker (P.C., Lake Centre), J. A. Ross (P.C., Souris), T. J. Bentley (C.C.F., Swift Current) and Robert Fair (S.C., Battle River).

Mr. Diefenbaker recalled that the people had been promised "substantial" reductions in taxation, but said the budget made it apparent that the Government still was on a wartime "spending spree," with a "billion-dollar" mentality.

To effect economies, he suggested

that the wartime national registration be done away with and that there be a tightening in the method War Assets Corporation was using to dispose of surplus war materials.

He said the budget would undermine confidence, destroy hope and create fear.

Mr. Ross said the fact the tax changes outlined in the budget would not come into effect until next January 1 would have the effect of discouraging farm production until that day.

He supported previous criticism of the Government's failure to reduce the size of the Civil Service now that the war was ended and for the way in which price controls had been handled.

Mr. Bentley spoke against the taxation of co-operatives and said Finance Minister Bailey had disregarded the welfare of the people who made up those associations, which had been formed to protect those in the low income class.

Mr. Fair said if current fiscal policies were continued the country could never hope to get out of debt. A change in the country's economic policy was needed.

He felt all members should do their duty and fight against the budget. The tax relief offered was insufficient.

He criticized plans to tax co-operatives. It was the farmer who would suffer as a result of such action.

He urged also that some income tax exemption be allowed in recognition for the work done by farmers' wives. He asked that farmers be exempt from collecting the income tax of hired help.

Coal Control Bill Approved; Royal Assent Makes It Law

LONDON, July 10 (CP).—The House of Commons tonight approved amendments by the House of Lords to two important bills—the coal nationalization bill and the control of investments measure—on which the Government originally suffered defeats in the Upper Chamber.

The final amendments were a compromise. In each case the House of Lords had first sought to make changes to which House of Commons would not agree.

Fuel Minister Shinwell agreed with the Opposition that the coal

bill had been improved by suggestions from the Lords which altered provisions in the bill dealing with the reserve fund of the proposed National Coal Board, which will administer Britain's coal industry under nationalization.

Both measures now await only Royal assent to become law.

The coal bill places the entire coal industry of Britain under Government control, while the investments bill gives the Treasury the power to supervise borrowing of more than £10,000 (\$40,000) in any one year by any firm.

NEW YORK, July 10 (AP).—Sam Snead, returning today with the prized British open golf trophy, said he plans to go back to Hoylake next year to try again, because "I've found if I win them once I usually win them twice, like Joe Louis."

Slammin' Sammy attributes his victory at St. Andrews to the fact he was driving well, and putting adequately, although not sensationally.

"Those greens are something entirely different from the ones we have in this country," he said in describing the famed Scottish course. "Most of them are double greens, with pins at each end for different holes. You can be on a green and still be about 125 yards from your cup."

Canadians Stormed Sicilian Beaches Drove First Wedge Three Years Ago

By The Canadian Press

Three years ago Canadian forces operating as part of Britain's famous Eighth Army stormed ashore on the beaches of Pachino, Sicily, as the Western Allies drove the first wedge into Hitler's European fortress.

Landing in the wake of a mighty aerial and naval bombardment, British, Canadian and American troops waded from assault craft onto the southern shore of the strategic Mediterranean island at dawn Saturday, July 10, 1943.

A Mediterranean gale which blew up the day before threatened for a time to force a delay in the operation—the biggest amphibious attack ever made up to that time. But Allied commanders gambled on the gale subsiding when night came and their hopes were justified.

It was the first real action of the war for the men of the Canadian First Division which had landed in Britain in December, 1939, and for three and one-half years had waited for its chance to tackle the enemy. In all eight divisions went ashore—three British, one Canadian and

four American—and airborne forces were dropped by parachute and landed by glider. Strong winds, however, disrupted the air-borne attack.

Only feeble resistance was put up by the Italian troops stationed in the Pachino-beachhead area, and the Canadian forces quickly struck inland.

The Canadian detachments included the First Armored Brigade and were under command of Lt. Gen. (then Maj.-Gen.) Guy Simonds, of Kingston, Ont., and Winnipeg. Gen. Simonds had been named for the assignment a few months earlier when Maj.-Gen. H. L. N. Salmon, then First Division commander, was killed in a plane crash in Britain.

For four weeks the Canadian units fought their way through Central Italy, traveling farther than any other Eighth Army division, until finally they were taken out of the line August 7 in the vicinity of Aderno, for a rest. By then, their fighting reputation was such that the Germans were calling them "the Red Patch Devils," and Viscount Montgomery (then Gen.-Sir Bernard Montgomery) was able to say in a message to the division: "I regard you now as one of the veteran divisions of this army, just as good as any, if not better."

On the right sector of the beach the Royal Canadian Regiment of London, Ont.; St. John's, Que., and Halifax, and the Hastings and

Prince Edward Regiment of Picton, Trenton and Belleville, Ont., were the first ashore. On the left-hand sector the Seaforth Highlanders of Canada, of Vancouver, and the Princess Patricia's Canadian Light Infantry of Winnipeg, Vancouver and Victoria, carried out the assault landings. In reserve were the 48th Highlanders of Canada, of Toronto; the Loyal Edmonton Regiment, of the Royal 22nd Regiment of Quebec and Montreal, the Carleton and York Regiment, of St. Stephen and Woodstock, N.B., and the West Nova Scotia Regiment of Bridgewater, N.S.

Ashore later went the Three Rivers Tank Regiment of Three Rivers, Que., and Ontario Regiment, of Oshawa, Ont., and the Calgary Regiment.

Steel Plants Taken Over

OTTAWA, July 10 (C.P.)—The Government late today took control of three Canadian basic steel plants in a move to block a strike which would involve 14,000 workers.

Labor Minister Mitchell in a surprise late afternoon announcement in the Commons reported appointment of F. B. Kilbourn, of Montreal, as controller of the Dominion Steel & Coal Corp. steel plants at Sydney, N.S.; Steel Co. of Canada at Hamilton and Algoma Steel Corp. at Sault Ste. Marie, Ont.

The minister said the action was being taken "to assure, as far as it is humanly possible to do so, that work will continue in these important plants."

A tie-up, he said, would curtail vital steel needed for next winter's fuel supplies and would, if prolonged, affect "hundreds of thousands" of workers in other industries.

The United Steel Workers of America (U.S.W.A.) which had tentatively scheduled a strike next Monday in the three basic plants at Sydney, N.S., Sault Ste. Marie and Hamilton, Ont., tonight had no statement regarding the appointment of a Federal controller and its effect on their plans.

O.C. Cricket

LONDON, July 10 (Reuters)—In addition to a full county championship program, English cricket enthusiasts today had the Indian Tourists opposing Derbyshire and the England test trial to choose from.

The team labeled England batted first at Canterbury, Kent, and scored 321 runs for 27 wickets.

Washbrook, who scored 120, and Hardstaff, 86, both of whom seem assured of places in England's team to tour Australia next winter, scored the majority of these runs.

The Indian Tourists took all day to hit 329 runs for the loss of five wickets against Derbyshire.

The Nawab of Patna hit 113, and was missed three times before losing his wicket.

Century scores in county matches were Todd, of Kent, 134 against Warwickshire; Cox, of Surrey, 181 against Surrey; and Emrys Davies, of Glamorgan, 119 against Hampshire.

A wasp can sting several times in rapid succession and live. A bee, having stung, usually dies.

City Hall

M. Leo Sweeney, of the Vancouver Board of Trade, has written to Mayor Percy E. George expressing congratulations on the Victoria city fest so much admired by the 250,000 persons who saw the Vancouver Jubilee parade.

A. K. Gummer, mayor of Temiskaming, Que., has written a letter to Mayor George expressing appreciation for the friendliness and hospitality shown to delegates at the Canadian Federation of Mayors and Municipalities in Vancouver. Particular praise was given to the reception and entertainment tendered by Victoria.

Victoria is not affected by the raising of the Canadian dollar to parity with the United States dollar. D. A. Macdonald, city controller, said yesterday. He explained that all of the city's debt is payable in Canada.

War Assets Corporation has advised the City Council that nine buildings at the Mary Hill Searchlight Camp have been declared surplus and are being offered for sale.

Vet Poloist Defies Father Time

NEW YORK, July 10 (C.P.)—One of the most rugged sports around the sports world these days is a strippling of 72—who plays polo three times a week.

Leonard Cohen, sports editor of The New York Post, told the story of James Albert Wigmore, a native of Ottawa, in his column. Wigmore's ambition today is to play polo—one of the roughest and most dangerous of all sports—as well as he did at 60.

Cohen quotes Wigmore as saying he has been riding horses ever since he was a farm boy near Ottawa. He didn't take up polo until he was 45. Then, in California, and in the middle Western States, he became a prominent player and official. In 1927 the Cleveland team of which Wigmore—then 51—was a member, won the national 12-goal championship.

Wigmore owns a string of 20 polo ponies and retired from the game in 1938, only to make a flashy comeback this year.

Cohen writes of Wigmore's playing: "Our eyes popped in amazement as we watched him ride off younger opponents with all the reckless abandon and courage of a man of 27."

Bill Gadsby Signs Chicago Contract

EDMONTON, July 10 (C.P.)—Bill Gadsby, 18-year-old Calgary product who played defence for the Edmonton Canadians Juniors over the last two seasons, has been signed by the Chicago Black Hawks of the National Hockey League. It was announced yesterday by William J. Tobin, president of the Chicago organization who is at present in Edmonton. He said Gadsby would be given every opportunity to "catch a place with the Hawks."

The average normal adult human body contains from eight to 19 pints of blood.

Parents of Saanich District Achieve Children's Play Park

"Where is Junior?" will no longer be the curfew-call of parents living near the Tolmie School, Saanich.

Thanks to their own hard work, the assistance of the Saanich Council, the Saanich Recreation Committee, and the Saanich School Board and P.T.A., a play park for children has been constructed in a large vacant lot at the corner of Harriet and Burnside Roads.

Rudd Play Park, named after Ex-Councillor G. Rudd, was officially opened at 7 p.m. yesterday by Rev. N. S. Noel, while children and parents stood quietly to listen.

Starting from absolute "scratch" these citizens have constructed a baseball diamond, football field, and merry-go-round. Then they built swings and lunch tables, throwing in a sand pile for good measure.

Miss R. Woodward will supervise and guide the children at sports and

play and parents will help out whenever they can.

They plan to have, in the very near future, music, and to teach folk dances, but as yet they have not been able to avail themselves of a gramophone. Donation of one is sought and offers will be received at G 5712.

Six Players Left in Chess Tourney

VANCOUVER, July 10 (C.P.)—Preliminary rounds of the "British Columbia Open Chess Championship" were completed here yesterday and six players emerged as contenders for the crown.

These six, who began play-offs today, are C. S. Miller, J. Taylor, G. Pantan and L. M. Duval of Vancouver Chess Club; D. Greener of Vancouver Jewish Chess Club; P. Wyllie, Victoria City Chess Club.

No Soap

LONDON, July 10 (C.P.)—The House of Commons today defeated by 288 votes to 185 a Conservative member's attempt to annul the cut of one-seventh in the soap ration. Food Minister Strachey promised "we shall continue to scour the world for fats for the raw materials of soap and for edible fats still more."

BATH, England (C.P.)—A wife told the Bath magistrates: "Once my husband fell on a wasp's nest, but he was so drunk the wasps did not sting him."

Named Lecturer—Dr. Arthur T. Brown, M.D., lecturer on Christian Apologetics, will speak in Central Baptist Church tonight at 8 o'clock.

Princess Receives Honorary Degree

LONDON, July 10 (AP)—Princess Elizabeth, 26, today received her first honorary degree—a bachelor of music award from the University of London.

Her great-uncle, the Earl of Athlone, former Governor-General of Canada, awarded the degree in his capacity as chancellor of the university. He said it was the equivalent of one which had she been free to enter university, she would have attained "by the somewhat more laborious process of examination."

Campbell River

Dr. K. Craig and Mrs. Craig and Dr. and Mrs. R. Morrison attended the inauguration of officers of the Duncan Rotary Club at the Fairbridge Farm.

Among guests at Painters Lodge are M. Dawson, Mrs. J. N. Taylor, E. Taylor, Mrs. M. A. Beale, Mr. and Mrs. A. Beale, Mr. and Mrs. A. B. Holland and Arnold, H. W. Walker and Mrs. J. W. Benning and party, all of Victoria; Percy Harwood, of London, England; J. W. Presley, of Seattle; Mr. and Mrs. G. W. Lawrence, Toronto, Ont.

Award to Be Made To Woman of Year

TORONTO, July 10 (AP)—A Canadian woman of the year will be chosen and given a monetary award by the Canadian Federation of Business and Professional Women's Clubs, the federation's 10th biennial convention today decided. The winner will be selected by an appointed committee which will give scope to all careers, achievements and ages.

Prime Minister Mackenzie King was urged by telegram to take immediate action to endorse and sponsor a general campaign in Canada to provide relief in devastated areas of Europe.

Viewing atomic energy as a threat to humanity, the convention asked the Government to take the lead in assuring that the new discovery be used for the benefit and not the destruction of mankind, and urged that the secret be shared with all governments on their undertaking to renounce its use for destructive purposes.

Other resolutions asked for equality of the sexes in regard to civil service positions and remuneration; that contributory retirement insurance be considered by the Government; that largest exemptions in income taxes be for those in the lower brackets; minimum wages for women; retaining of price control.

After 16 years of carrying on as an independent national federation, the Business and Professional Women decided to join forces with the National Council of Women.

Women's Institutes

Mrs. W. Peden was guest speaker at the meeting of Lake Hill Women's Institute on Monday afternoon. Mrs. Peden spoke on the various phases of Institute work, and displayed a rug knitted from old silk stockings. It was reported the institute had been awarded first prize for the floral display at the horticultural show held in June. The weaving classes have been discontinued for the present. Mrs. G. W. Massey and Mrs. W. Carpenter were tea hostesses.

Qualicum News

Mrs. Jack Peck is visiting her parents, Mr. and Mrs. Frank Ollian. Mr. and Mrs. George Irving, of Powell River, spent the week-end at Qualicum Beach.

Mrs. T. M. Ready, of Victoria, has been a guest of her brother and sister-in-law, Mr. and Mrs. J. Castiglione.

Mrs. Moorehouse is a guest of her sister, Mrs. Frank Parker.

Mr. and Mrs. Chris Holmes, of Fraser Mills, B.C., were the guests of Mrs. F. Ollian for the week-end.

Shawnigan Institute Holds Flower Show

Novel for this district was the flower show held in the S.L.A.A. Hall, Shawnigan Lake, on Saturday afternoon under the auspices of the Women's Institute. In the adult section were classes in hanging baskets, potted plants, decorated tables, sweet peas, pansies, cut flowers, flowering shrubs, flowering bulbs and vegetables, while the children's section included flowers and vegetables, and mounted and named collections of weeds, wild shrubs, and grasses. There was also a special section for Brownies and Wolf Cubs, namely a collection of wild flowers, mounted and named. Mrs. E. Gummow, provincial superintendent of Women's Institutes, presented the prizes. Accompanying Mrs. Gummow were Miss H. Leighton, assistant superintendent of Women's Institutes, and Major Johnson, superintendent of Farmers' Institutes, and Mrs. Johnson. Judging the classes were Mrs. E. Price, Mrs. L. H. Hogan, Mrs. N. Nicholson and Mrs. G. Robinson, all of Duncan, and Mr. R. Moulton, Cobble Hill.

Baby Garments Badly Needed in England

TORONTO, July 10 (AP)—Mrs. E. I. G. Drope, national postwar service convener, Imperial Order Daughters of the Empire, said today she had received a letter from the soldier, sailors and airman's Families' Association in London acknowledging receipt of 86 cases of gifts. The letter stated that baby garments are badly needed.

Garden Party Realizes \$200

The beautiful garden at the home of Mrs. Curtis Sampson, 1003 Newport Avenue, was the scene of a delightful garden party given by Navy League Chapter, I.O.D.E., yesterday afternoon. Over \$200 was realized and will go towards the Second War Memorial and general I.O.D.E. funds.

The Victoria Boys' Band played selections throughout the afternoon and performances by the Oak Bay Girls' Drill Team were much enjoyed.

Various stalls, including home cooking, fancywork and flowers proved popular, and games and contests drew a large crowd. Bridge was also played, the winner being Miss R. Cole.

Tea was served at small tables set

out on the lawn and special guests were Mrs. A. H. C. Phipps, regent Municipal Chapter, I.O.D.E.; Mrs. P. E. Corby, second vice-president, Provincial Chapter; Miss Kathleen Agnew and Mrs. Godfrey Booth. Members of the Junior Chapter, H.M.C.S. Beacon Hill, assisted in serving.

Mrs. J. L. Ford was the general convenor and was assisted by Mrs. F. J. Nobb, who was in charge of the arrangements; Mrs. E. Hanbury and Mrs. G. B. E. Elliott, games; Mrs. D. W. Carter, contests; Mrs. A. D. Whittier and Mrs. R. Shanks, gate receipts.

Centennial W.M.E. held its Summer picnic recently in the Sunday school room. Mrs. E. J. Butler presided, and Mrs. R. J. Garner, delegate to the recent United Church Conference, gave a report on home missions. Mrs. F. Leach rendered a vocal solo.

At a recent meeting of Victoria Purple Star Lodge, No. 104, of the Ladies' Orange Benevolent Association, it was decided to hold a picnic at Cadboro-Bay on Wednesday for Purple Star, No. 104, Britannia, No. 216, and Pride of Victoria, No. 35. Program for the children is to start at 1:30 p.m. tomorrow. An entertainment will be held in the Orange Hall, for children from 7 to 9 p.m., and for the adults at 9 p.m. Would all members please bring their own sugar.

Miss Peggy Fox was elected president at the annual meeting of the Victoria Dental Assistants' Association when they met recently at the home of Mrs. Claudia Lister, Bowker Place. Other officers elected were: Miss Mary Lees, vice-president; Miss Jean Fraser, secretary; Miss Kay Albertson, treasurer; Miss Mary Warnock, program convenor; Miss Rose McBride, social convenor, and Miss Virginia Beck, membership convenor. A buffet tea was served, after which the annual reports were given. The association will resume meetings in the Fall.

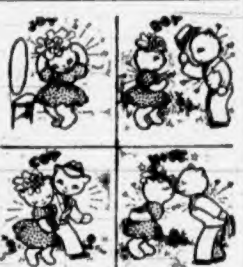

Sacred Music Recital Draws Big Audience

Metropolitan Church, 907 Pandora, was filled to capacity Sunday to hear a recital of sacred music, under the auspices of the Women's Missionary Society.

Participating in the recital were: Madame Eugénie Fahey, soprano; Dr. T. Harry Johns, baritone, and Edgar Holloway, organist.

Madame Fahey, long a favorite with Canadian audiences, featured three groups of songs. In his two numbers, Dr. Johns displayed sincerity and finished artistry. Mr. Holloway delighted the audience with beautiful organ solos.

Arrive Here From England for Visit

Recent arrivals from England are Mrs. Henry M. Worthington and her two daughters, Victoria, four years of age, and Gabrielle, two years old, who are spending the Summer with Alderman and Mrs. John A. Worthington, 247 Government Street. Mr. Worthington returned earlier in the year after an absence of eight years.

Question Covering 45 Years Too Much for Weatherman

Newspaper offices aren't the only establishments that draw numerous and odd queries from the general public, according to a "Victoria Weatherman" at the Dominion Meteorological Observatory atop Gonzales Hill.

This particular weatherman maintains that his office answers as many, if not more, questions in the course of a day as any newspaper office.

The proverbial straw came a few days ago at the weather office. A harassed citizen telephoned to ask the daily precipitation for an Interior town, including rainfall for 20 minutes to two hours, since records have been kept. This happens to be 45 years.

Now, the caller probably had good reason for desiring such information, but it is only a sample of trying questions.

Police offices and libraries also receive their shares of questions. The library staff says it spends a good deal of its time thumbing through volumes finding out the population of "Barbwire Junction" in the state of "Pumphandle" near the Pago Pago border, at the time of the outbreak of the Spanish Civil War, and so on.

Population questions appear to be everybody's favorite. Rarely does a day go by in a newspaper office, a library or even the weather office, that some individual calls and would like to know how many people were living in such and such a place at the last census.

To get back to the much-maligned weatherman, we find him inundated with people requesting the "correct time, please." Why people have to ask such a question of an observatory is beyond the weatherman.

However, Victorians are no worse than citizens in other centres. And the average regular recipient of questions takes them all in his stride, along with queries about ball game scores, election results, and others too numerous to mention.

The weatherman, however, makes it quite clear that the weather office is definitely not the place to ask about an earthquake, since the instruments that record the tremors were taken out eight years ago.

Trade Envoy To Africa Here July 18

Touring Canada before proceeding to the Belgian Congo to open a Canadian trade commission office at Leopoldville, Leland H. Ausman will be in Victoria, July 17 and 18, the Provincial Department of Trade and Industry announced yesterday.

Mr. Ausman's territory as trade commissioner will comprise the Belgian Congo, Tanganyika, Kenya, Uganda, Angola and French Equatorial Africa. Purpose of his visit to Victoria is to meet reporters and others interested in his new territory. He will make his headquarters in the trade commissioner's office in the Legislative Buildings for the two days.

Born in Toronto, Mr. Ausman graduated from the University of

Toronto in 1929 with a bachelor of commerce degree. Appointed junior trade commissioner in 1934, he was promoted to assistant trade commissioner the following year and posted to Bristol, England. In 1942 he was transferred in the same capacity to New York City, was promoted full-ranking trade commissioner in February, 1945, and became vice-consul in May of the same year.

WISBECH, Cambridge, England (CP)—Harry Wiseman—famous "hymn-whistling sweep"—retired after 59 years.

B.C. to Limit Highway Loads

Relaxed during the war years to allow movement of the heavy loads demanded by the war effort, British Columbia's regulations governing gross weights and dimensions of vehicles using the highways are to be enforced again, it was announced yesterday.

But as it is possible that prewar regulations designed to conserve the highways may now be due for some revision, Hon. E. O. Carson, Minister of Public Works, has called a meeting here July 18, at which opportunity will be given to municipal authorities and operators of motor trucks and buses to discuss the situation with departmental officials.

Hon. Herbert Anscomb, then Minister of Public Works and now holding the portfolio of finance, gave warning at the last session of the Legislature that British Columbia's roads were not constructed for the loads now being carried on them and were being "wrecked" in consequence, without any additional compensation.

Export Oats Tax Cut

CHICAGO, July 10 (AP)—Anticipated reduction in the Canadian equalization fee on export of oats was part of the base upon which selling bid the oats pit here today. All contracts closed lower. Traders said the export tax on oats would be down 5 cents a bushel tomorrow.

marking a 15-cent decrease in the last three days.

The tax tomorrow will be 40 cents a bushel on shipments eastward or westward from Port William. The tax on mixed feed oats will be reduced 5 cents to 28 cents a bushel.

Traders here saw this move as indicating Canada was more willing to export oats to this country.

Import Ceiling System Changed By Prices Board

Warlike Prices and Trade Board's policy on imported goods has been clarified by a new directive received at the office of C. H. Booth, W.P.T.B. representative here.

Previously application had to be made by the importer or dealer direct to the Distributor of Trades at Ottawa, who set a price for each individual item, according to the cost price on invoice.

Now the board has published a schedule of total markups ranging from 15 to 40 per cent on goods imported after July 8, so that the importers, wholesalers or retailers can calculate the ceiling price themselves.

The markups are divided into three parts, one for importers, one for wholesalers and a third for retailers. Consideration is given to retailers who buy direct from overseas manufacturers.

A wide range of imported goods is included, from hardware to fancy goods, notions, furniture and clothing.

Water from a cool, clear mountain stream may be as dangerous as that taken from a well, as either source is subject to contamination, the Provincial Board of Health warns in a bulletin issued yesterday on the health and safety precautions that should be taken now that the vacation season is here.

Unless vacationing at a resort where the water is known to be frequently tested and pronounced safe, the daily water supply should be boiled before it is used, the bulletin emphasizes.

"Away from the city and the safety of pasteurization, the utmost care should be taken with that known carrier of disease, raw milk," it continues. "A quick method of rendering raw milk or cream safe is to bring it to a boil and then cool it rapidly by running over cold water around it. Never endanger vacation health by using raw milk, cream or other dairy products."

The board also sounds a warning of the dangers of contaminated food and of infection due to inadequate sanitation under camping conditions of living.

Prairie Picnic Expects 2,000

"Saskatchewan" is the password you will need to attend the Saskatchewan Association picnic at 2 p.m. on Wednesday, July 17, at the Willows, J. E. Cooper, president of the society, said yesterday.

People from the Prairies will be welcomed. Last year 1,500 attended and, with the increase in Prairie

population, at least 2,000 are expected to be present this year.

LONDON (CP)—Six American cinema theatre managers on a visit to London recently presented the British Foreign Office with a copy of a 100-year-old treaty between Great Britain and the Republic of Texas.

THE RCAF HAS OPENINGS FOR

ELECTRICIANS and INSTRUMENT MECHANICS

THE JOB: Maintenance of the miles of wire and the delicate instruments which are a vital part of every modern aircraft. Allied trades include aero-engine electricians and office-machine mechanics. Valuable training courses are established for most trades; service or civil experience can mean immediate advancement in "grouping" and hence in pay. Applicants should normally possess junior matriculation or its technical-school equivalent. Previous trade experience is not essential.

There are openings also in many other ground trades.

THE PAY: Basic pay plus living allowances for non-commissioned ranks runs from \$95 monthly for Aircraftman Class 1 to \$188 for Warrant Officer Class 1; extra pay for trade proficiency and increased pay after three years in any rank; marriage allowance of \$20 a month; free uniform clothing and medical and dental service.

THE PENSION: A lifetime income on discharge after 20 years' or more service: pensions or gratuities

in the event of prior discharge on medical grounds, and pensions or gratuities to widows or children in the event of death while on service.

VETERANS' PREFERENCE: As among applicants, war veterans applying for reappointment will receive preference, and if accepted will be reappointed to the ranks they held at the time of their discharge, or to the nearest ranks which establishment permits; and their prior service will be a factor in promotion and pension.

TERMS OF SERVICE: Applicants without previous service must be over 18 and under 26. Good conduct, satisfactory medical category and educational qualifications will enable applicants to enlist in Regular Air Force for five years and re-engage thereafter for further five-year terms.

WHERE TO APPLY: Applications should be made to Western Air Command, RCAF, Joint Services Headquarters, 4th Avenue West, Vancouver, B.C.

Judy Garland at Her Best in Atlas Picture

The story of the pretty waitresses imported West by Fred Harvey and his now famous "eating houses" has been made into a completely captivating musical in M-G-M's "The Harvey Girls" which opens today at the Atlas Theatre. Filmed in Technicolor against the picturesque frontier background of New Mexico of the 1890's, "The Harvey Girls" offers unlimited scope for the dramatic, comic and song-and-dance talents of a dazzling array of talent headed by Judy Garland, and including John Hodiak and the nimble-footed Ray Bolger.

"Confidential Agent"
Exciting Drama Film

Hardy followers of the action-packed, lightning-paced school of drama which has become synonymous with the name of Warner Bros. since that studio produced "The Maltese Falcon"—"To Have and Have Not" and other hits of like calibre, will rejoice at today's news of "Confidential Agent," which opens today at the York Theatre. With a cast headed by Charles Boyer and Lauren Bacall, and featuring Katina Paxinou, Peter Lorre, Victor Franzen and George Coulouris, the film is a worthy descendant of those earlier exponents of murder and intrigue.

PLANETARY GUIDE FOR
THURSDAY, JULY 11, 1946

Keywords for the Day: Readjustment, change, thrift.

Thursday in General—Curb ambitions a bit and watch costs. There are changing conditions and unexpected lack of co-operations to contend with by early afternoon. Limit dealings with important persons.

If July 11 is "Your Birthday": Many happy returns. Famous persons born on this date include: Irene Hervey, movie actress; John Quincy Adams, sixth president of U.S.A.; John Wanamaker, merchant; Henry Abbey, poet.

Your Year Ahead—Avoid ostentation, excess ambition, legal-financial risks and you will hold your own. There are changes indicated in your working circle. Some out-

door life might prove healthful for you.

Turkish Bath Removes Water From Tissues

By DR. J. B. WARREN

When a Turkish bath is being used to relax the individual, remove soreness and stiffness, and not to remove weight, the attendant gives

the individual plenty of water to drink which causes further perspiration. Then while lying down in cooling room he may drink so much water that by the time he is ready to leave he is the same weight as before the Turkish bath.

How It Started

By JEAN NEWTON

DOTTING THE "I"—SHORT SHORTS

The custom of dotting the "i" began in the 11th century. In this connection it is interesting to find that a literary forgery was exposed because though it was supposed to antedate the 11th century, the author's forgery was clear when it was pointed out that he had dotted every "i."

"Fan" in expressions like "baseball fan" is a contraction of "fanatic." "Vox pop" is a humorous abbreviation of the Latin words vox

populi, meaning "the voice of the people." The Linden tree is named after Carl von Linnæus, 18th century Swedish botanist.

The delicious desert we know as "nesselrode" commemorates a Russian diplomat.

"Sideburns" are named after the whiskers worn by General Ambrose E. Burnside, Civil War general.

The good old days certainly were good in one respect. Originally, to owe meant to have. "Owe" is rooted in the Old English owen, meaning "to own."

To have "oodles" of money is to have a great amount of it. As a matter of fact, that is how it started, for "oodles" is a corruption of "ladies."

"Pippin" is 17th century slang. Its original form was "pepin," rooted in a French word spelled identically, meaning "a seed of a flesh tree," or "a sapling apple tree." In 1864 it was written: "Thou'rt a precious Pepin, to think to steal so silly from me."

Little Stories for Bedtime

By THOMAS W. BURGESS

ONCE MORE PETER LEARNS SOMETHING

Who has attentive ear and eye. Will learn a lot if he but try.

Every day there is something to be learned and there are not days enough for any person to learn. That is why everybody should keep eyes and ears wide open. Peter Rabbit does this. Curiosity keeps Peter's eyes and ears right on the job most of the time. He doesn't always understand what he sees or what he hears, and then curiosity drives him to ask questions. There is nothing like asking questions if you want to find things out.

For several nights Peter had listened to the voices coming down out of the sky and had puzzled and puzzled over the meaning of them. At last he made up his mind that he would ask questions, even though he might be laughed at for doing so.

Peter visited Johnny Chuck and told Johnny all about it.

First, Peter visited Johnny Chuck and told Johnny all about it. But Johnny couldn't help any. You see, Johnny never had heard those voices himself because he is one

of those who believe in going to bed early. You don't find Johnny Chuck roaming around at night. So Johnny yawned and said he didn't know anything about them and guessed Peter had been dreaming anyway.

Then Peter went to Happy Jack Squirrel. Happy Jack is another who believes that bed is the proper place for all the sensible people at night, so he couldn't help Peter either. It was the same way with Striped Chipmunk and Chatterer the Red Squirrel. So finally Peter made up his mind that he would have to go to one of his feathered friends to learn what he wanted to know.

At the first opportunity he told Welcome Robin what it was he had on his mind. He told Welcome how night after night he had listened to those voices and how he was sure that some were of the Wasp family and some of the Sparrow family and some of the Plover family, yes, and of Welcome Robin's

own family. He told how his friends thought he had been dreaming, but that he knew he hadn't. Welcome Robin chuckled. "You heard those voices all right, Peter," he said. "There isn't a doubt about it. Those were the calls of feathered friends on their way to the sunny Southland."

"But I tell you it was in the night I heard them," cried Peter, "and they were the voices of birds who sleep at night."

"Excepting when they travel, they do that at night," laughed Welcome Robin.

Sparkling Pianism Heard Here In B.C. Summer School Recital

Some of the most sparkling pianism to be heard locally in several seasons was displayed at the British Columbia Summer School yesterday morning when Sue Wooten, young American pianist, presented her first Victoria recital.

The tour de force of Miss Wooten's program was the first movement of Beethoven's C Major Piano Concerto. Next to the G Major, this work is probably the most consistently exacting of all the five Beethoven concertos. Miss Wooten's deep understanding of her role was backed by a degree of skill which approached the phenomenal.

The concerto abounds in difficult Alberti figures in the left hand which are hardly noticed when mastered, but which can make or break the even texture of the work. The artist showed realization of the importance of such background material, and inner parts were never subconsciously "faked."

Miss Wooten chose the first of three cadenzas written by Beethoven for this concerto.

Mrs. Irene Boswick played the orchestral part on a second piano. It was rather unfortunate that, owing presumably to timing difficulties, sections of orchestral tutti had to be deleted.

One of the most danceable of all Chopin's waltzes, that in A Flat, Opus 34, No. 1, was played with a fine tilt. The pianist's lyrical qualities of "The Maiden and the Nightingale," by Granados, were well contrasted with the bombastic and thoroughly unplanistic "Ritual Fire Dance" in Miss Wooten's final group. Earlier the pianist played Mendelssohn's "Rondo Capriccioso" at a ferocious tempo, and a group of early Italian pieces.

Gasoline Sales Set New Record

Sales of gasoline in British Columbia in May set an all-time record for the province.

Totaling 8,325,320 gallons, sales to retailers and for commercial and marine purposes showed an increase of 2,736,318 gallons over May, 1945, and 1,021,872 gallons over figures for April last.

In Victoria, sales to retailers jumped to 855,860 gallons, an increase of 312,076 gallons, or 47.8 per cent, over figures for May of last year.

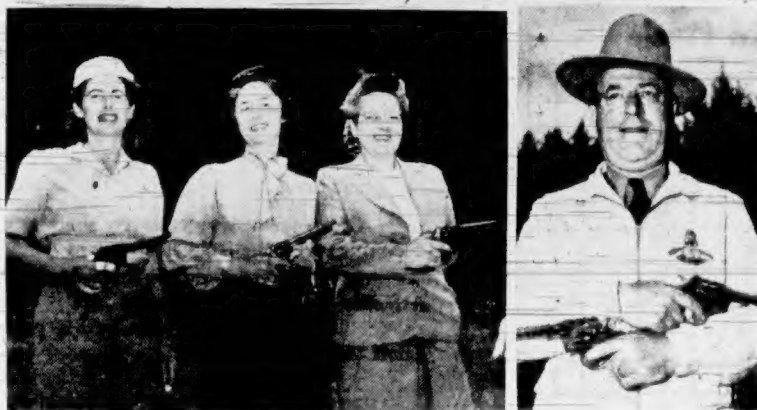

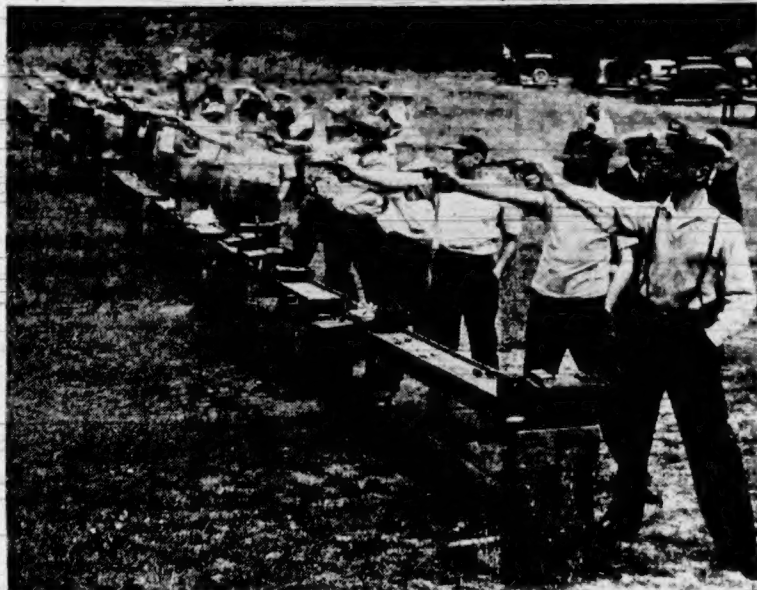

Weather Forecasts

West Coast—Overcast, with intermittent rain showers in the morning. South wind 10 miles per hour. Cooler.

North Coast—Overcast in the morning, clearing in the afternoon. Light winds. Little change in temperature.

Vancouver and Vicinity—Overcast in the morning, improving to cloudy late in the afternoon. Light winds. Cooler.

Record Entry Turns Out for City Police Shoot

A record number of contestants attended the revolver shooting competition sponsored by the City Police Revolver Club at the Thetis Lake Range yesterday. Top scene shows the large entry in the 25-yard rapid fire contest. Below are winners in the ladies' 25-yard event. From left to right are Mrs. Gordon Bowes, B.C. Revolver Club, Victoria; Mrs. J. A. Young, 3660 Quadra Street, and Miss Alice Welsh, Vancouver C.N.R. Revolver Club. At the lower right is Inspector Robert Owens, B.C. Police, an active participant in the day's program.

Swimming Course To Be Held Here

Latest swimming course in Canada will be held July 15-19, the water safety committee of British Columbia Division of the Canadian Red Cross Society announced yesterday.

Successful candidates will be awarded Red Cross instructor's badges and pins empowering them to train and form other swimmers under the Red Cross water safety program.

Applicants must be over 16 and proficient swimmers. Those interested are asked to apply to Victoria Red Cross Headquarters, 602 Broughton Street, or the Y.M.C.A.

Awarded O.B.E.

In recognition of his civilian war effort, K. J. Morrison, Calgary, has been invested with the O.B.E. Mr. Morrison has visited his brother, John Morrison, 3342 Oak Bay Avenue, on many occasions, and is well known in this city.

Seattle Officer Takes Two Events At Annual Police Revolver Shoot

Yesterday was a big day for the Victoria City Police Revolver Club. A record number of contestants were entered in the first postwar contest at the Thetis Lake range as overcast skies made what the marksmen claimed was "perfect-shooting weather."

Teams from the United States placed prominently in the lists of contestants and carried off their share of the prizes.

Beginning at 9:30 a.m., the events carried on until 4:30 p.m.

In the evening a banquet was held in the Empress Hotel at which the American visitors were guests of honor. Following the banquet prizes were presented by Mayor Percy E. George.

Funeral Mass For Late Sister

Requiem Mass will be sung at Our Lady of Lourdes Church today at 10 a.m. for the late Sister Mary Magdalen of Jesus, 56, who died Monday at St. Clare's Monastery, 2050 Haultain.

Sister Magdalen had been ill for some time.

TALKATIVE TREES

Poplars are called the "whispering trees" because one leaf hitting against another makes a whispering sound.

CUT DOWN ON TAKING LAXATIVES THIS WAY

See How Regular You Can Be Every Morning

Try taking Carter's Pills this way: Start with 3 and set a definite time every morning. When you get regular every morning cut down to 2. After a few days, try 1.

You may even find that you can keep regular without any laxative.

You see, Carter's are so tiny you can cut down the dose—from 3 to 1—to fit the needs of your individual system.

Without disappointment.

Carter's help break out your intestinal tract halfway, but thoroughly. They are doubly effective because made with two vegetable herbs compounded properly for thorough, easy action.

Thousands can cut down on laxative dosages by taking Carter's.

Ask for Carter's Pills by name to get the genuine at any drugstore. Get the Carter graduated dose method tonight, and jump out of bed tomorrow rarin' to go.

Good Advice to Those WHO SUFFER WITH PILES

Maybe you are one who is troubled with piles, itching, burning, and irritation, making your life a constant torment. If you are not, you may be a dreaded, painful condition. If you are not, you may be a dreaded, painful condition. If you are not, you may be a dreaded, painful condition.

Rectal itching and soreness or painful bowel movements because of piles are Nature's warning to you and you should heed it. We believe this condition, we make a professional offer directly to you. It gives you a chance to try a simple, tested remedy.

COST: It does not give you a prompt and effective relief in relieving your pile troubles. Go to any drug store to buy and get a package of Hemo-Rid, an internal remedy, which directs its medical action to curing the cause of your piles. Piles are really caused by bad circulation of blood in the lower bowel. They are greatly aggravated by constipation and straining in defecation.

The Hemo-Rid formula is made especially to help you. It acts in 4 ways: (1) It cleanses the bowels.

(2) It improves the blood circulation.

(3) It relieves the itching and burning.

(4) It restores the normal condition of the rectum.

Maybe you are one who is troubled with piles, itching, burning, and irritation, making your life a constant torment. If you are not, you may be a dreaded, painful condition. If you are not, you may be a dreaded, painful condition. If you are not, you may be a dreaded, painful condition.

Rectal itching and soreness or painful bowel movements because of piles are Nature's warning to you and you should heed it. We believe this condition, we make a professional offer directly to you. It gives you a chance to try a simple, tested remedy.

COST: It does not give you a prompt and effective relief in relieving your pile troubles. Go to any drug store to buy and get a package of Hemo-Rid, an internal remedy, which directs its medical action to curing the cause of your piles. Piles are really caused by bad circulation of blood in the lower bowel. They are greatly aggravated by constipation and straining in defecation.

The Hemo-Rid formula is made especially to help you. It acts in 4 ways: (1) It cleanses the bowels.

(2) It improves the blood circulation.

(3) It relieves the itching and burning.

(4) It restores the normal condition of the rectum.
